POOLS, PATIOS & LANDSCAPING HOT LIST

Stop running outside to save your upholstered furniture every time it starts to rain. Weatherwize has revolutionized outdoor furniture coverings with their latest jacquard-woven fabrics, available in a variety of hues, chic designs, trims and accent pieces. The material features an anti-bacterial and anti-microbial treatment, so even long-term exposure won't lead to mold or mildew. For more information, visit weatherwize.com.
